

European Utility Week

3-5 October 2017 | Amsterdam, The Netherlands

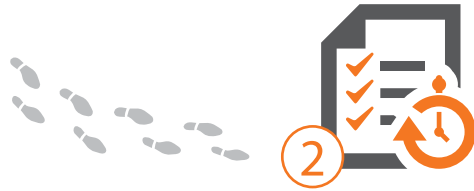

Your guide to delivering a great stand!

1 PLAN & DESIGN YOUR STAND

Make sure you know...

- Your stand number, location and dimensions
- What is included in your raw space / shell scheme or premium package?
- What other services to order for your stand

2 STAY AHEAD OF DEADLINES

Make sure to check...

- All the logistics and ordering deadlines
- All the preferred suppliers for stand build, design, freight, etc.

3 REVIEW THE RULES & REGULATIONS AND HEALTH & SAFETY REQUIREMENTS

Make sure to check...

- All Rules and Regulations
- All Health and Safety requirements

4 PLAN FOR YOUR ON-SITE BUILD

Make sure you know...

- Where your freight will arrive
- When your freight will arrive

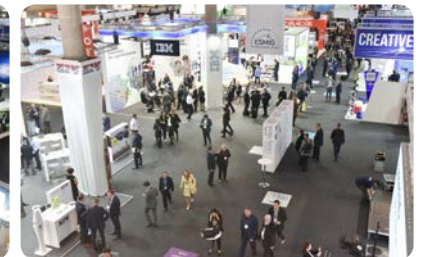

...IT'S NOW TIME TO MOVE INTO YOUR STAND

TIPS

- Download the logistics and ordering deadlines
- Order additional services at your earliest convenience to benefit from the early bird rate

If you have any questions **please contact the logistics team here.**
